

Cutting heads with quick-change system

For using REMS eva, REMS Amigo, REMS Amigo 2, REMS Amigo 2 Compact and other brands

REMS

Application:

For mounting in the following types: REMS eva, REMS Amigo, REMS Amigo 2, REMS Amigo 2 Compact and other brands.

Version:

- Precision-ground cutting inserts with robust steel body and quick-change mounting

Advantage:

- Proven technology, high material quality and precise processing of cutting head, cutting jaws and cover to form one compact unit, extremely easy cutting and easy thread cutting guaranteed.
- The chip windows that widen towards the outer enable good chip flow for a clean thread
- Cutting jaws do not catch
- Long and precise pipe routing for perfect pipe centring
