

## Manometer

### Application:

For determining and checking the operating pressure and the force present in the cylinder.

### Version:

- Manometer with stainless steel pipe spring
- Housing black, diameter 100 mm
- kN scales, coloured
- ½ 14 NPT connection from below
- With installed throttle screw

<b>Art. no.</b>	<b>29739 040</b>
<b>Model</b>	IV
<b>Min./max. operating pressure</b>	0-700 bar
<b>Scale value, pressure</b>	20 bar
<b>Force range</b>	0-900 kN
<b>Thread type</b>	National pipe tapered thread
<b>Connection thread</b>	1/2 inch x 14 mm
<b>Scale value, force 4</b>	10kN, 10kN, 20kN
