

measurement and evaluation software TESA RugoSoft
for TESA RugoSurf 20 roughness measuring device

Application:

RugoSoft measurement and evaluation software, for TESA RUGOSURF 20 roughness measuring device. modern, clear representation of measured values and roughness profiles.

Execution:

- transmission of stored measured values from the device to the computer
- detailed display of parameters, roughness profile R and primary profile P
- statistical calculations
- customisable measurement report

Art. no.	47000 630
Product Group	Prod. Gr. 478

EAN-Code

7630041118032
