

Electronic crane scales HCD

Basic version up to max. 300 kg

KERN

Application:

For applications in production, quality control and logistics. Also suitable for continuous use in industrial environments thanks to the sturdy construction and robust design.

Execution:

- Precision: 0.2 % of the respective MAX value of the selected measuring range
- Data hold function
- Wireless remote control with a range of approx. 20 m
- large LCD display
- incl. 4x 1.5 V AA batteries, operating time approx. 100 hrs
- HCD with robust plastic housing
- HCD with rotating hook with safety latch

Advantage:

- If the hold function is activated, the value will be „frozen“ (no weight change) when not in use.

Delivery:

with wireless remote control

Art. no.	44605 151
Brand	KERN
Manufacturer Part Number	HCD 300K-1
Type description	HCD 300K-1
Max. weight measuring range	300 kg
Digit increment, weight	100 g
Housing dimensions (LxWxH)	79 x 150 x 98 mm
Weight	950 g
Gross Weight	1.570 kg
Product Group	447
