

Universal magnetic vice jaws 100, 120, 125, 140 and 150 mm

Made of aluminium, with transverse and longitudinal prisms

Application:

For simple and quick attachment to all vices.

Execution:

- With integrated permanent magnet
- Aluminium with a hardness between copper and lead
- One horizontal and three vertical prisms in different sizes allow safe clamping of round and oval components
- The 90° recess at the top end of the jaws allows easy horizontal clamping of flat material

Advantage:

- Precise and gentle clamping

Delivery:

In pairs

Art. no.	51068 200
Brand	HEUER
Manufacturer Part Number	109100
Jaws width	100 mm
Jaw design	With prism
Material	Aluminium
Gross Weight	0.170 kg
Product Group	513

EAN

4010898709004
