

Product Datasheet

Product code: **E6041.CR.BG**

Product type: High Precision Pliers

Made in: Switzerland

Description: The 6041 is a high precision plier belonging to the round plier family. Its unique geometry supports the operator in component manipulation processes. The smooth surface on the jaw prevents scratches while holding. The 6041 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The jaws are hardened to 45HRC hardness.

Head description: Short Round Nose

Body material: High carbon-chromium low alloy steel (100Cr6)

Body finishing: Sandblasted
