

Precision pointer snap gauges

ATORN®

Application

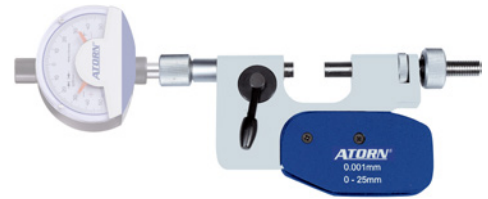

For precise testing of cylindrical parts in series.

Version

- Carbide measuring faces
- Spring-mounted anvil
- Consistent, repeatable measuring force

Delivery

In case, without precision pointer

Art. no.	31935 025
Min./max. length measuring range	0-25 mm
Measuring sensor travel	3 mm
Measuring surface diameter	8 mm
Shaft diameter	8 mm
Spindle clamping	Yes

EAN-Code
