

Machine jack

Application:

Hydraulic, for lifting machines and other heavy loads

Execution:

- Lifting can be carried out with little effort using lifting jaw and head plate via manual hydraulic pump
- Precise lowering using lowering valve
- Pressure relief valve
- Pump lever can be removed
- The housing can be rotated by 360°, can be used in any position
- Strong, compact steel construction
- Coated, brilliant blue RAL 5007

Art. no.	50261 000
Brand	FETRA
Manufacturer Part Number	6931
Load-carrying capacity	5000 kg
Total stop optional	No
Gross Weight	25.000 kg
Product Group	5AE

EAN

4017976069319
