**Re: LFPCN41495 - Littelfuse SOD-123FL Package TPSMF4Lxx Auto TVS 1<sup>st</sup> assembly & test source transfer to new location and 2<sup>nd</sup> assembly & test source approval**

To Our Valued Customers,

At present, there is only one existing assembly & test site (1<sup>st</sup> source) of SOD-123FL Package TPSMF4Lxx Series Auto TVS products. Due to government land use planning impact and to optimize manufacturing layout, Littelfuse will transfer this existing assembly & test site from current location to new location.

Meanwhile, to implement Business Continuous Plan (BCP), Littelfuse will approve 2<sup>nd</sup> assembly & test site in China for SOD-123FL Package TPSMF4Lxx Series.

Existing location of the 1<sup>st</sup> source assembly & test site will be no longer in any TPSMF4Lxx production till end of Mar, 2024.

There will be no change to the form, fit, function, quality, or reliability of the products.

All affected products have been fully qualified in accordance with established performance and reliability criteria. Please refer to the attached affected parts list and the attached documentation for qualification result and change details.

**Form, fit, function changes: None**

**Effective date: Aug 31<sup>th</sup>, 2024**

**Last time buy: Jan 30<sup>th</sup>, 2024 for TPSMF4Lxx product from 1<sup>st</sup> source existing location. Orders which are received before last time buy are NCNR.**

This notification is for your information and acknowledgement. If you have any other questions or concerns, please contact your local sales team or product team below for further assistance.

We value your business and look forward to assisting you whenever possible.
