

## Grippy® safety floor mats for promoting hygiene

These adhesive-backed mats provide a secure, non-slip surface for walking and standing that conveys social distancing and hygiene messages without damaging your floors

### Application:

Ideal for conveying important (COVID-19) hygiene information to employees and visitors at your facility.

### Execution:

- Highly visible—high-contrast printing helps to communicate important safety information.
- Absorbent layer takes up liquids and draws them away from the centre of the mat
- Interwoven fibres catch dirt and fine particles, preventing their spread
- Tested and certified (by NFSI)
- classified as slip-resistant R13 as per DIN51130 – suitable for use in work rooms and work areas with an increased risk of slipping due to grease, oil, food, debris, dust, flour, paint residues etc
- tested in accordance with BS 7976-2:2002+A1:2013, with proven low slip potential, both in wet and dry conditions
- complies with fire protection class Bfl-s1 in accordance with the requirements of BS EN 13501-1
- Adheres to the most common commercial floor surfaces, including: Concrete, vinyl and ceramic tiles, natural stone slabs and linoleum
- Easy cleaning: Simply sweep, wipe, vacuum or clean with wet vacuum cleaner or floor cleaner – the mat will not slide

### Advantage:

- Absorbs moisture, catches dirt and prevents slips, trips and falls
- No need to remove when disinfecting floors—the mat and markings can withstand regular cleaning
- The adhesive developed by New PIG keeps the mat fully fixed to the floor but enables it to be removed easily—no floor cleaning required

<b>Art. no.</b>	<b>69746 310</b>
<b>Brand</b>	PIG
<b>Manufacturer Part Number</b>	GMM21003-BK-DE
<b>Type description</b>	Take precautions
<b>Length x width</b>	61 x 43 cm
<b>Colour</b>	Black
<b>Number of pieces per packet</b>	4 PCS
<b>Gross Weight</b>	0.875 kg
<b>Product Group</b>	6PA
