

Description

The product is a timesaving solution for binding together cables for plant equipment, computers and machinery. It takes the form of a slit cable routing system, made from high grade Nylon 6 that gives excellent support to wire bundles. It is slotted for easy access to cables at any point and ensures rapid assembly to the harness. These cable bindings are used with an applicator tool (included with the binding) that simply zips the binding together substantially reducing assembly time.

It is Halogen free.

Application

Ideal for binding cables together.

Specifications

Material	: Nylon 6
Service Temperature Range	: -40°C to +130°C
Intermittent Temperature	: -175°C
Tensile Strength	: 55MPa
Elongation	: 80%

Part Number Table

Description	Nominal Dia. ID (mm)	Wall Thickness (mm)	Part Number
Cable Binding, Black, 25m	9	0.8	PP002675
Cable Binding, Black, 25m	16		PP002676
Cable Binding, Black, 25m	20		PP002677
