

TONER FOR USE IN

Konica Minolta Bizhub C654,C754 (TN-711)
and 654e,754e (TN-712)
Develop Ineo +654,+754e and
Ineo +654e,+754e

The Konica Minolta Bizhub C654 and C754 are high-speed multifunctional color devices providing high-quality prints from A6 to A3 format and printing-speeds of 60/65ppm respectively 60/75ppm color/b&w. With the Bizhub 654e and 754e monochrome machines Konica Minolta is offering on the same machine base additionally two very powerful high-end b&w printing machines running at 65 respectively 75ppm.

All of these devices are equipped with the latest generation multitouch panel, customization options, intuitive interface and features for economical and ecological printing, such as induction heating and low power consumption. Wide scanning and versatile finishing options as well as other smart options make these machines and the equivalent Develop brand machines to highly efficient and productive devices that seamlessly integrate in any production or large office environment.

Printing-cost of these devices can be reduced significantly without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible colour-toner whereof the K-toner can be used universally for the Konica Minolta Bizhub color and monochrome machines as well as in the equivalent Develop machines. These universal toner are deliverable as finished products in cartridges and in bulk for re-filling of empty OEM cartridges.

ADVANTAGES & BENEFITS

- OEM equivalent performance and image-quality
- Significant reduction of cost per copy
- Sourced directly from the manufacturer
- Toner and Carrier also in carton of 10kgs available for (Re-)Filling.
- Technically supported by the toner manufacturer
- Competitively priced premium quality product
- Deliverable from Warehouse in Rotterdam / NL
- Discounted samples for testing
- Selective distribution through competent reseller only
