

13-Sep-2022

**PCN #:** PCN-22-151001

**Subject :** DEUTSCH HDP Series Connectors

**Description of Change :** The Industrial and Commercial Transportation business unit of TE Connectivity is making a change to the molding process from using pre-colored resin to color at the press resin. This change is applicable to all North American manufacturing locations. The affected part numbers are listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are not affected.

**Reason :** Dear Customer, we hereby inform you of this change. This process allows flexibility and mitigates exposure to material shortages. The natural resin is the same as the pre-colored base resin and V-0 rating. There is no appearance change to parts manufactured with color at the press. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change is being phased in gradually and previous revision can remain stocked until use. Shipments may be mixed

**Key Dates :**

**Contact By Date:** 15-Nov-2022

**Implementation Date:** 15-Nov-2022

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by IHS Markit based on content provided by TE Connectivity.
