

Mechanical press tool MPR50i, adjustable

For conductor cross-sections from 6 to 50 mm²

intercable

Application:

For pipe cable lugs and connectors

Execution:

- Rotating profile discs for conductor cross-sections between 6 and 50 mm²
- Profile discs show which cross section they are intended for
- Crimping type: i-crimping
- Handles with non-slip plastic coating

Advantage:

- I-crimping ensures complete safety as the cable lug can no longer work loose

Art. no.	53499 010
Brand	INTERCABLE
Manufacturer Part Number	MPR50I - 181431
Length	380 mm
Suitable for min./max. diameter	6-50 mm
Material of handle	Plastic
Gross Weight	1.360 kg
Product Group	543

EAN

8014212198730
