

# LogiLink®

## LED Night Light

with Twilight Sensor

Art. No.: LED014

## Auto illumination for safer home at night

The LogiLink Night Light emits pleasant warm white light and provides orientation in the dark. With twilight sensor, the light is automatically switched on during darkness, perfect for bedroom, baby room, kitchen, staircase or dark hallways.

### Energy Conservation

Long lifespan and minimal power consumption for pleasant light at night.

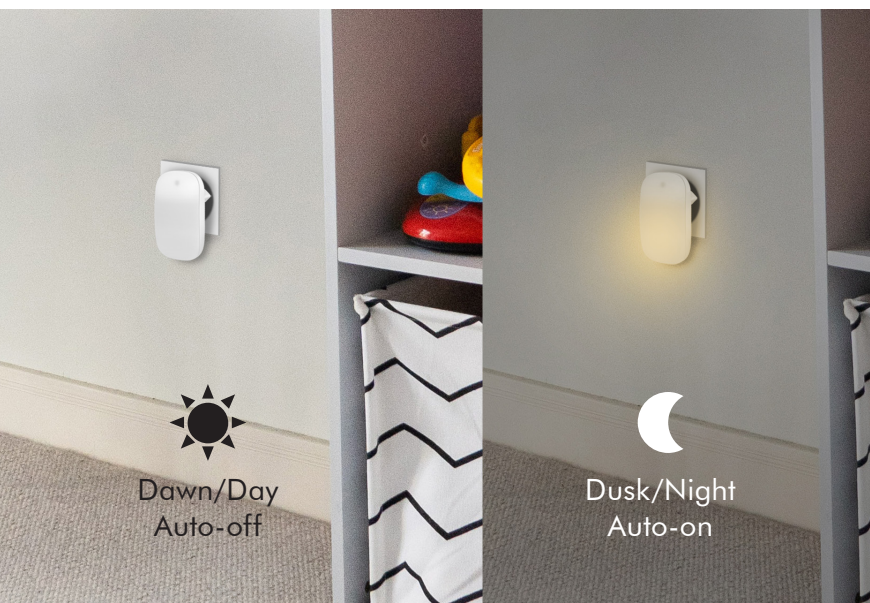

### Modern Design

Adapts to any home décor and fits into any electrical socket.

### Gentle Ambient Light

Warm white light that is easy for your eyes, while bright enough to light up your way in the darkness.

### Orientation Light in the Dark

Built-in intelligent twilight sensor to turn on the light only when ambient lighting is not enough. Turn off when light is surrounded.
