Precision Circlip Pliers

For external circlips on shafts With overstretching limiter

DIN 5254 A

MM O

You Tabe

Genera

٠	Heavy duty in continuous operation: up to 10 times longer service life
	compared to turned tips

- With inserted tips for reliable work
- With overexpansion guard (adjustable using end stop)
- Adjustment using hexagonal screw
- Ideal for series production as excessive expansion of rings is
 effectively prevented
- · Large contact faces on the tips: no distortion of circlips, easy fitting
- Bolted joint: precise, zero backlash operation of pliers
- Internal opening spring, protected and captive
- Non-slip plastic coating on the handlesDIN 5254 A; straight tips
- With overstretching limiter for standardised assembly in accordance with DIN 471
- The adjustable stop screw prevents the rings from overstretching
- Inserted tips: spring steel wire, drawn
- Pliers body: chrome vanadium electric steel, forged, oil-hardened
