

Serving and picking trolleys

With straight and slanted shelves

RasterPlan

Application:

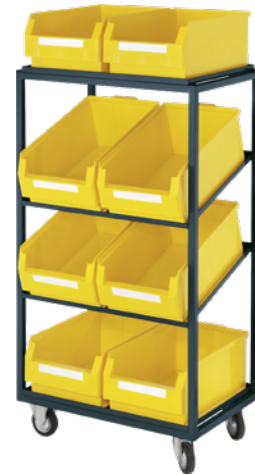

Wherever parts have to be gathered frequently from different places—whether work equipment or goods to be picked—serving and picking trolleys are an indispensable help.

Version:

- Sturdy steel structure, impact and scratch resistant plastic coating
- With flat and sloping floors
- Runs on easy-running rollers – 2 fixed castors and 2 steering rollers with locking device

Delivery:

Tips for ordering: Please specify your choice of colour on your order; otherwise, it will be chosen at random.
