

Poliflex fine grinding points with GHR binding

In the shape of a cylindrical pin; mix of corundum and silicon carbide (SiC)

Application:

For finishing of edges. For use on flexible shafts, electric and compressed air straight grinders.

Advantage:

- For achieving a fine, polished grinding finish
- Soft grinding with longer service life

Art. no.	69200 320
Brand	PFERD
Manufacturer Part Number	4007220533895
Grid size	120
Head diameter x head length	10 x 15 mm
Shaft diameter x shaft length	3 x 30 mm
Max. rotation speed	52000 rpm
Recommended rotation speed	45000 rpm
Number of pieces per packet	10 PCS
Gross Weight	0.005 kg
Product Group	6AB
