# CarryMore System - more than just a box!

CarryMore is an intelligent storage and transport system for storing 2 CarryLite 4x8. CarryMore can be stacked and linked together with several CarryMore units.

The capability of front loading makes for easy access regardless of location and without having to move or lift a CarryMore to get to the tools etc.

The CarryMore Trolley is designed for easy transport of several CarryMore units stacked together. The trolley enables easy access to the workplace even through narrow passages.

The possibilities are many - several CarryMore and the toolbox can be stacked on the CarryMore trolley and transported as a unit to the workplace. That way everyone can find the right solution and even put together the CarryMore system as needed.

The CarryMore System is made for professional craftsmen and suitable for daily use along the way.
