

MINI-RACK wide-span shelves

zinc-plated, with chipboard panels. Bolted or boltless

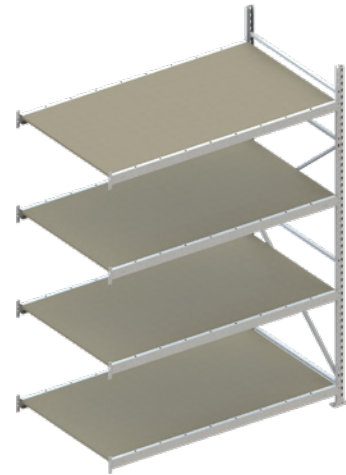

Application:

Wide-span racks offer large storage areas for bulky parts and particularly large and/or heavy items.

META wide-span racks - the boltless **META SPEED RACK** or the bolted **META MINI-RACK** - are ideal for storing bulky goods of light to medium weight in trade, industry and crafts. They can be used across different industries in a variety of ways. Both systems are available with either chipboard shelves or steel shelves.

Execution:

- Add-on rack, for expanding the basic rack
- Goods can be stored in a lying or standing position
- Shelves adjustable in increments of 50 mm
- Step struts with a 200 mm perforation grid to accommodate separator bars
- Insert shelf: Natural chipboard

Art. no.	50165 161
Brand	META
Manufacturer Part Number	20051294
Height	2500 mm
Length	1851 mm
Depth	1050 mm
Nominal length	1800 mm
Type of shelving	Add-on shelving
Design	With particle board
Type of assembly	Screw mounting
Surface	Zinc plated
ESD-capable	No
Design of the frame	Disassembled
Grid dimension	50 mm
Number of shelves	4 PCS
Load-carrying capacity per shelf	600 kg
Load-carrying capacity per field	3200 kg
Number of frame	1 PCS
Made in	Germany
Gross Weight	148.260 kg
Product Group	508
