TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

STRADA Whisper 3.9mm DPO connector assemblies

Description of Changes

Adapter ground shields are being extended in length to provide an improvement in signal integrity performance. Crosstalk performance is improved in the 18-30GHz band. Adapter ground shield will match existing header shield length and will match the current header shield interface design. No external form, fit or function changes. All changes internal to the connector.
