## Mobile Gaming Clip /

OtterBox Mobile Gaming Clip is more than just a clip. It connects you to the game, unlike any other. xCloud brings the best titles to your phone, but your phone isn't built to game, and your wrists aren't built to hold the extra weight your phone adds to your controller. Mobile Gaming Clip is designed specifically for Xbox to ensure zero interference with your controller's functionality, all while balancing the weight of your phone perfectly to keep your wrists comfortable for hours of gaming. Mobile Gaming Clip holds your phone securely in place and has endured hours of testing to ensure that your phone and screen stay secure and safe no matter the circumstance. The sturdy clip arm adjusts easily on the fly with one hand, while still gaming, and detaches quickly for tabletop gaming. Mobile Gaming Clip is the companion your phone's been waiting for.
