

META MULTIPAL® pallet shelf

Zinc-plated

Application:

The **META MULTIPAL** pallet rack can be easily adapted to the respective goods volume and the required load carrier weight, making it the optimal storage system for all standard loading aids such as Euro pallets and lattice box pallets. Other loading aids can also be stored thanks to the extensive range of accessories. All **META** pallet racks carry the RAL-RG 614/2 quality mark. **META MULTIPAL** is the ideal solution for efficient, organised and adaptable pallet storage.

Execution:

- Basic rack, can be expanded as required using an add-on rack
- 4 hook-clasps height-adjustable in 50 mm increments
- Closed box-type profiles ensure high stability
- Racks consist of cold-formed profiles, screwed to the bracing on site

Delivery:

Incl. floor anchors

Art. no.	50170 008
Height	2700 mm
Depth	1100 mm
Nominal length	1825 mm
Type of shelving	Shelving unit
Design	One side
Type of assembly	Screw mounting
Surface	Zinc plated
ESD-capable	No
Design of the frame	Disassembled
Load-carrying capacity per field	7500 kg
Number of frame	2 PCS
Quality label	RAL-RG 614/2
Made in	Germany
Product Group	Prod. Gr. 508

EAN

4026212348170
