

Cemented carbide milling bit

shaft diameter 6mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76011 733
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952252
Form	Conical pointed
Cutting edge length	20 mm
Length	65 mm
Serration type	3
Model	TCI 1006
DIN	8033
Gross Weight	0.022 kg
Product Group	761
