

Internal extractor

Twin-shell for counterparts and slide hammers

Application:

For extracting inner ball bearings, ball bearing outer rings and bushings.

Execution:

- Twin-shell version with extra-large gripping edges
- Slide hammer or counterparts are required
- Large expansion range – high pulling force

Advantage:

- Robust design for excellent performance and durability
- Inner stop mechanism to prevent over-clamping or overstressing of the part being extracted

Art. no.	55007 300
Brand	KUKKO
Manufacturer Part Number	21-0
Suitable for min./max. internal diameter	5-8 mm
Gross Weight	0.125 kg
Product Group	5JA

EAN

4021176010408
