

7.5 mm MiniHVL connector system

7.5 mm MiniHVL connector system

Technical Features

The new Tyco Electronics 7.5 mm Mini HVL Connector Series is designed according the IEC 60320 standard for lighting industry applications; where size and easy interconnection are key requirements. It is installable in small fixtures into furniture, ceiling, wall and floors.

Applicable in power connection and coupling between lamps such as lighting wiring in offices; kitchen, bathroom, shop and household furniture; display cabinets and mountable lighting.

Description

- Connector system available in wire-to-wire configuration.
- Outlet and Plug assemblies with two contact positions.
- Using widely known MQS contacts.
- 6 way distributor with additional switch feature.

Applications

- General two pole appliance wiring system for household and similar purposes from low voltage up to 250V.
- Specifically designed for lighting industry applications where size is a key requirement, to get a power connection and coupling between lamps.
- Lighting wiring in office, kitchen, bathroom and shop furniture or household, mountable lighting (like fluorescent tubes and energy saving lamps).

Key Features

 7.5 mm outer diameter of plug to fit into 8 mm furniture holes.

- Several versions available: 250 VAC, polarized 250 VAC, 125 VAC, 42 VAC and 42 VDC.
- Ring clip for wire retention to meet pull test according IEC 60320.
- Coupling designed according IEC 60320.
- 6 way distributor:
 - · Fast one stroke IDC termination (pre assembled contacts).
 - · Switch version available (Having an additional 7th way that let switch the other ones).
 - \cdot Special coded red plug for external switch input.
 - · Specific red code ring to identify the 7th switch input.
- Outlet bridge, Splitter, Panel Mount Outlet and Bus Bar Splitter to expand interconnection options.

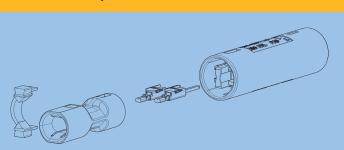

Electrical

- Rated at 2.5 A 250 VAC (per IEC 60320), 6A 125 VAC, 7A 42 VAC and 7A 42 VDC with H03VVH2-F 2x0,75 mm² wires.
- Protection Class II.

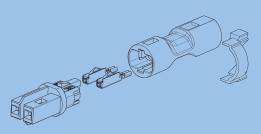

Mechanical

- Highly reliable and widely used MQS contacts.
- Wire termination: Crimp contacts for Plug & Outlet and IDC for distributor.
- Operating temperature: till +60° C for H03VVH2-F 2x0.75 mm² wires.
- Durability: 300 cycles.
