

Lever action crimping pliers with 2-component grip covers

For wire end ferrules 0.25–6 mm

Execution:

- Special grade chrome-vanadium electric steel, oil-hardened
- For crimping wire end ferrules.

Advantage:

- Consistently high crimping quality thanks to precision sockets and unlockable force stop function
- Safe, ergonomic and fatigue-free working thanks to two-component handles for one-handed operation
- Knee lever creates additional force for fatigue-free working
- Good handling thanks to excellent handle adjustment, light weight and compact design

Art. no.	53116 060
Brand	KNIPEX
Manufacturer Part Number	97 52 38
Model	PreciForce 6
Length	220 mm
Suitable for min./max. diameter	0.25-6 mm
Material of handle	2-component plastic
Gross Weight	0.530 kg
Product Group	535
