

ARGENTAX TAP-O-MATIC

NO. 331.02

Tough when using. Flexible to handle. With styropor blade.
A cutter for high demands? The ARGENTAX TAP-O-MATIC with an 18 mm wide polystyrene blade fulfils this wish. A blade extension of up to 83 mm makes the knife ideal not just for extra deep cutting tasks. The blade lock is also so robust that it can resist cutting pressures of up to 18 kg. And you can also adjust the blade extension to several different levels.

A robust tool

In the ARGENTAX TAP-O-MATIC, the handle and metal rail to guide the blade form a very stable unit. You can really feel it when you take it in your hand. And all the more when you start cutting.

Large selection

Among 15 possible cutting depths, there must be a suitable one for you. The not segmented polystyrene blade, safe from breaking off, is particularly suitable for work with a maximum blade extension.

Running to a narrow point

The handle of the ARGENTAX TAP-O-MATIC tapers off to the front. So you can approach the cut in more narrow areas too.

The handle? Handy

The ARGENTAX TAP-O-MATIC fits exactly into your hand. What's more: the grooves on the back increase the gripping capacity. So there is no risk of your hand slipping while cutting.

Practical eyelet

You don't have to do without the eyelet in the ARGENTAX TAP-O-MATIC. You can just pull a strap through it and attach the cutter wherever you need it.
