

Customer Information Notification

CN-202309004I

Issue date: 09 Oct 2023

Effective date: 08 Nov 2023

Here's your personalized quality information concerning products our customers and partners purchased from Nexperia.

For more details please contact your respective Nexperia CSR/AM.

Introduction of new carrier tape material in DFN1006D-2 (SOD882D) and DFN1006B-3 (SOT883B)

Notification information

A new surface material for carrier tapes for the packages DFN1006D-2 (SOD882D) and DFN1006B-3 (SOT883B) will be introduced as second source: Polycarbonate (PC) instead of Polystyrene (PS). The cover tape material will remain unchanged.

Polycarbonate is already used for carrier tape surface material for other packages within Nexperia. The surface material does not impact the handling of the carrier tape nor the peel off force/behavior of the cover tape. The pick and place behavior will not change. The visual appearance, dimension and electrical performance of the packed devices are not influenced by this change. For details please refer to attached Information package.

Why do we issue this notification?

Supply safety for carrier tapes.
