

Wide-span rack

zinc-plated, with steel shelves. Bolted or boltless

Application:

Wide-span racks offer large storage areas for bulky parts and particularly large and/or heavy items.

META wide-span racks - the boltless **META SPEED RACK** or the bolted **META MINI-RACK** - are ideal for storing bulky goods of light to medium weight in trade, industry and crafts. They can be used across different industries in a variety of ways. Both systems are available with either chipboard shelves or steel shelves.

Execution:

- Add-on rack, for expanding the basic rack
- Storage in a lying or standing position
- Shelves adjustable in 50 mm grids
- Step struts with a 200 mm perforation grid to accommodate separator bars
