

Universal magnetic vice jaws 100, 120, 125, 140 and 150 mm

Aluminium with longitudinal grooves

Application:

For simple and quick attachment to all vices.

Version:

- With integrated permanent magnet
- Aluminium with a hardness between copper and lead
- Six recessed grooves hold the workpiece securely
- A deeper groove is used to securely clamp e.g. thin shafts

Advantage:

- Precise and gentle clamping

Delivery:

In pairs

Art. no.	51068 520
