Vapor Density (Air = 1)	N/A
Specific Gravity (H ₂ O = 1)	0.85-0.90
Solubility in Water	N/A
Evaporation Rate (N-Butyl acetate=1)	N/A
Melting Point	N/A
Appearance	solid film

10. Stability and Reactivity

Hazardous decomposition will occur only under fire condition. Various harmful compounds could be formed during combustion.
No hazards associated with normal use.

11. Toxicological Information

Although hazardous chemicals may be used in this product, exposure to those chemicals and possible hazardous effects will not occur with the product in this form, in normal use.

12. Ecological Information

The anticipated instances of release into the environment would be during disposal of scrapped building materials, of which this product could be a part, or waste during use. The materials of construction are very resistant to biodegradation and are not water soluble. Potential impact may be as per individual hazardous components.

13. Disposal Considerations

Dispose of per appropriate local regulations. Product is not recyclable.

14. Transport Information

No special procedures required.

15. Regulatory Information

No known regulations apply.

16. Other Information

This product is considered by us to be an article, defined in the regulation as "a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees."

Although this product may contain hazardous components, we do not believe those hazards are present as manufactured or when used. Since the product meets the definition of an article, it is technically not subject to this regulation or MSDS reporting. This document is provided for informational purposes, and is not meant to imply that this product is hazardous.
