

Drawer

for installation in the cabinet housing

Application:

Storage with drawers: Storage of small parts in drawers not only has the advantage of being optimally protected against dust and contamination compared to shelf storage, but also saves space and provides more clarity. A handle allows you to see the contents of the entire drawer, while on a shelf you may have to slide objects aside or over them.

Execution:

- Full scale: maximum horizontal space utilisation, full overview, optimum access
- Drawer protection standard: Standard version including single drawer lock

Advantage:

- Drawer sides and rear walls at the heights of the fronts
- with folding handle strips
- smooth and low-noise closing

Art. no.	50302 729
Brand	LISTA
Manufacturer Part Number	72.010.020
Drawer front height	200 mm
Drawer width (inner dimension)	300 mm
Drawer depth (inner dimension)	600 mm
Gross Weight	20.000 kg
Product Group	5AN
