

Sledgehammer SUPERCRAFT, non-recoil

Nylon inserts, white, wooden shaft

 **HALDER**

Application:

For very powerful impacts in fence construction, track construction, repair/maintenance, tool/machine construction, straightening jobs. Working with SUPERCRAFT sledgehammers is much safer, gentler on joints and quieter than with ordinary steel hammers.

Execution:

- Hammer inserts made of special nylon, white, hard, no splintering
- Vibration-damping, ergonomically shaped, highly robust and painted hickory handle.

Advantage:

- No recoil, gentle on joints, low noise
- Hammer inserts made of special nylon with maximum strength
- Protective shaft sheath prevents missed strikes.

Art. no.	51224 600
Brand	HALDER
Manufacturer Part Number	3366.107
Head diameter	100 mm
Length of head	210 mm
Length	1000 mm
Recoil-free	Yes
Material of long handle	Hickory
Impact insert, interchangeable	Yes
Handle fastening	Pinned
Weight	7.05 kg
Gross Weight	7.000 kg
Product Group	521
