DESCRIPTION AND PURPOSE OF CHANGE:

In the course of internal standardisation and to improve the measurement accuracy, Würth Elektronik will change the test conditions of inductance measurements.

The measurement settings are depending on the inductance value:

$L < 1\text{mH}$: 100kHz / 5mA

$L \geq 1\text{mH}$: 10kHz / 250mV

Products after product change with effective date of 16th March 2016 are available with Date Code 2016-03-16.

DETAIL OF CHANGE:

Due to the test condition change, the measurement settings in the production line will be improved.

There is no change in form, fit, function, quality or reliability.

RELIABILITY / QUALIFICATION SUMMARY:

The product approval is according to the specifications and is internally approved by the Product Management Department.

DATA SHEET CHANGE:

Yes

No
