

Soldering tips ERSADUR

Lead-free, suitable for i-CON soldering stations and i-tool soldering irons

Version:

- Straight, chisel-shaped, with ERSADUR LF coating
- High-quality production and designed for continuous operation.
- A special process is followed which includes galvanic plating with an iron layer followed by protection against corrosion and oxidation with an additional chrome layer.
- Perfect heat transfer protects the heating element of the soldering iron from overheating and premature wear

Art. no.	54371 116
Type	0102 CDLF
Shape of tip	Chisel-shaped
Tip diameter	1.6 mm
Length	30 mm
