

Universal flat display interface FAU 3150

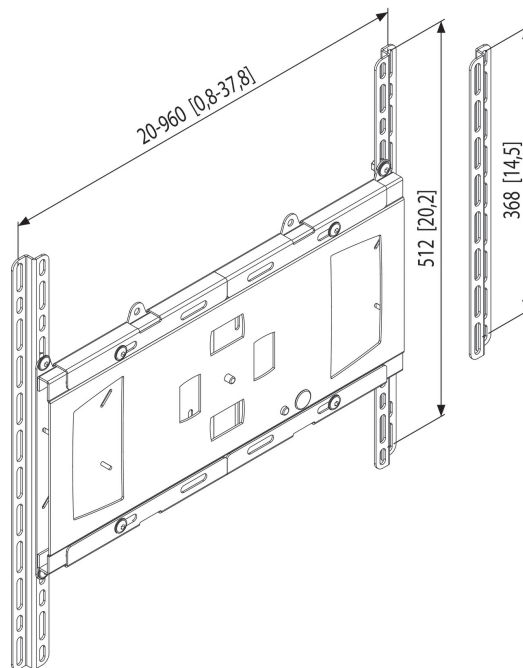

Specifications

- Screen size (Min. - Max.): 30 – 65 " / 76 – 165 cm
- Max. weight: 70 kg / 154 lbs
- Guarantee: 5 years
- Available colours: Black, Silver/Aluminium

The FAU 3150 universal flat display interface can be used to mount a LCD/Plasma TV (with VESA MIS-F) to the wall, ceiling or floor (in combination with other modular parts).

Universal flat display interface FAU 3150

The FAU 3150 universal flat display interface is part of a modular system which enables you to create your own wall, ceiling or floor mounting solution for LCD/Plasma TV's (30-65", with VESA MIS-F, up to 70 kg). The Autolock® locking system locks the interface onto the support and prevents the display from falling of the turn and tilt unit when accidentally lifted. The optional lock PFA 9008 blocks the locking system, hence preventing theft.

For wall mounting just add the needed wall mounting plate (PFW 910/ 920/ 930) or support (PFW 950/ 952).

For ceiling mounting add the needed ceiling mounting plate, extension tube and turn and tilt unit.

In case of floor mounting add floor stand PFA9011 and the needed turn and tilt unit.

Features

- Autolock® locking system
- VESA MIS-F (max. 920x512 mm)
- VESA MIS-D-E possible
- Horizontal and vertical mounting
- Optional anti-theft lock PFA 9008
