Serial File Transfer Cables
RS2323 Serial File Transfer Cables

Part No: 4070

The cables feature either the traditional 25 D type RS232 connector or the now more commonly fitted 9 D type serial connector. As the serial port on most PCs is a plug or male the most common interface cable tends to be a socket to socket (female to female).

Features & Benefits

- Now recognised as conforming to the most standard file transfer wiring configuration

- Both serial port configurations (Pt Nos 4070 & 4062) available from stock

- High quality moulded cables manufactured using foil screened cable

- Custom lengths can be made up upon request

Ordering Information

- **Part No:**
  4070

- **Product Description:**
  VIDEK DB9F to DB9F Null Modem Cable 2Mtr
