

Final Product Change Notification

201905004F01

Issue Date: 07-Jul-2019
Effective Date: 20-Oct-2019
 Dear *Emma Tempest*,

Here's your personalized quality information concerning products Premier Farnell PLC purchased from Nexperia.
 For detailed information we invite you to [view this notification online](#)

Release of 8 inch wafer diameter for transistors in SOT883 and SOT23

Details of this Change

Release of 8 inch wafer diameter for transistors in SOT883, SOT883B and xMBT3906 products in SOT23.
 Old products: Production using 6 inch wafer diameter
 Changed products: Production using 6 and 8 inch wafer diameter
 Selected types have a change in die size due to a reduction of saw lane width along with release of 8 inch wafer diameter.

Please refer to the Self Qualification Report for details and list of affected product types.
 Production on 8 inch wafer diameter implies the use of the respective 8 inch wafer process technology.

Why do we Implement this Change

- Capacity expansion in wafer fab
- Next phase in 8inch release after start with 8inch implementation of bipolar transistors in 2011
- Continued alignment with world technology trends on state of the art production tools for Discrete components
- Increase flexibility and volume ramp-up

Identification of Affected Products

The 8 inch products can be identified by a marker on the die surface.
 Changed products can be identified by date code after implementation.

Product Availability

Sample Information

Samples are available upon request
Latest sample request date for PCN samples is 31-July-2019.

Production

Planned first shipment 14-Oct-2019

Impact

No impact to the products' functionality anticipated.

Data Sheet Revision

No impact to existing datasheet

Disposition of Old Products

Existing inventory will be shipped until depleted
Supply using 6 inch wafer will be continued in parallel to 8 inch wafer production.

Additional information

Affected products and sales history information: see attached file

Self qualification: [view online](#)

Timing and Logistics

Your acknowledgement of this change, conform JEDEC J-STD-046, is expected till 06-Aug-2019. Lack of acknowledgement of the PCN constitutes acceptance of the change.

Contact and Support

For all inquiries regarding the ePCN tool application or access issues, please [contact Nexperia "Global Quality Support Team"](#).

For all Quality Notification content inquiries, please contact your local Nexperia Sales Support team.

For specific questions on this notice or the products affected please contact our specialist directly:

e-mail address PCN-Bipolar.Discretes@nexperia.com

At Nexperia B.V. we are constantly striving to improve our product and processes to ensure they reach the highest possible Quality Standards.

About Nexperia B.V.

We at Nexperia are the efficiency semiconductor company. We deliver over 90 billion products a year and as such service thousands of global customers, both directly and through our extensive network of channel partners. We are at the heart of billions of electronic devices in the Automotive, Mobile, Industrial, Consumer, Computing, and Communication Infrastructure segments.
