

## Fully extending drawer for HK cabinet/shelving system 550

Depth 450 mm

### Application:

For individual configuration of the HK cabinet housing/tool shelves. The drawers can be installed in the housing in any sequence, but the sum of the front heights must be equal to the useful height of the housing.

### Execution:

- Made of sheet steel with a reinforced, perforated bottom (25 mm hole grid)
- Run on Delrin rollers in rails which are suspended in the housing with plug caps
- Inner sides slotted all around, for attaching and fixing insert material such as compartment rails and dividers
- Equipped with aluminium handle strip, paper and cellon strips and lateral cover caps
- SOFT-CLOSE-AUTOMATIC for smooth and silent drawer closing, see no. 50392 005.
