

Cemented carbide milling bit

Shank diameter: 3mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76008 105
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952005
Form	Cylindrical shape
Cutting edge length	10 mm
Length	40 mm
Serration type	5
Model	TCC 0203
DIN	8033
Gross Weight	0.002 kg
Product Group	761
