

Three-arm puller with key operation

With self-centring pullers

Application:

For universal extraction of ball bearings, gear wheels etc.

Execution:

- For key actuation
- With self-centring pullers

Advantage:

- AUTOGRIP technology: automatic self-clamping, self-locking and self-centring of the pullers
- Integrated spring mechanism causes the clamping force to increase proportional to the pulling force
- Slim design makes it possible to work in hard-to-reach areas

| Art. no. | 55002 210 |
| Brand | KUKKO |
| Manufacturer Part Number | 483-3 |
| Max. clamping width | 150 mm |
| Max. clamping depth | 150 mm |
| Gross Weight | 1.170 kg |
| Product Group | 5JA |
