

Workbench top panel, 50 mm thick

Solid beechwood panel

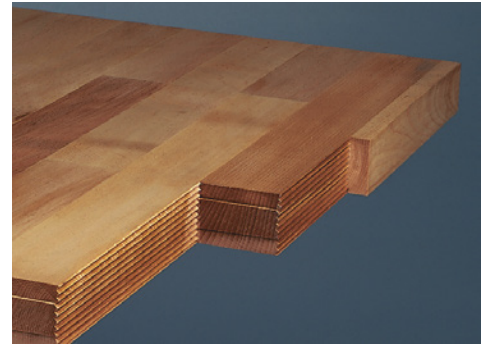

Version:

- Air-dried beech bars subjected to additional treatment during the drying process
- Each bar specially interlocked, dove-tailed, glued, sanded and oiled
- Available in one piece as continuous panels up to a length of 4050 mm and a depth of 1300 mm

Advantage:

- Robust, resistant and highly durable
- With lateral toothed profile ensuring up to 60% greater gluing surface and thus optimum stability
- Can be sanded down again and again
- The high quality of ANKE workbench top panels ensures long service life

Art. no.	50233 025
Material of worktop	Solid beech
