

Cemented carbide milling bit

shaft diameter 6mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76011 043
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952194
Form	Cylindrical
Cutting edge length	20 mm
Length	55 mm
Serration type	3
Model	TCA 0806
DIN	8033
Gross Weight	0.098 kg
Product Group	761
