

**RoHS
Compliant**

Features

- Flared insulation for easy cable insertion
- One or more conductors of varying gauges can be laid together and crimped
- The “wire-stop” feature enables the inserted wire to be positioned optimally for crimping
- Lined with hot melt adhesive which completely seals the termination area and overcomes any splits in insulation caused by crimping
- Excellent protection against water and ingress

Specifications

| | |
|-----------------------|------------------------------|
| Conductor Material | : Copper Strip |
| Insulation Material | : Dual Wall Heat Shrink Tube |
| Plating | : Tin |
| Heat Resistant | : -45°C to +125°C |
| Shrinking Temperature | : +125°C to +200°C |
