

Deburring machine with V-prism – FS 5

Application:

The FS 5 is a stable and extremely cost-effective edge milling machine with face mill. Straight edges on rectangular workpieces can be chamfered quickly.

Version:

- Sturdy guide rails
- Can be used in continuous operation
- Suitable for virtually any material

Advantage:

- Clean and burr-free chamfers in one cut
- Easy to use
- Quick change of face mill and indexable inserts

Delivery:

Blade head equipped with indexable inserts, chip drawer, operating instructions

Art. no.	79304 100
Type	FS 5
Max. chamfer width	3 mm
Angle	45 Degree
Motor speed	2800 rpm
Motor output	0.25 kW
Nominal voltage	230 V
Length x width x height	400 x 325 x 170 mm
Weight	19 kg
