

Precision pointer snap gauges

Marameter

Application:

For precise testing of cylindrical parts in series.

Execution:

- Carbide measuring faces
- Spring-mounted anvil
- Consistent, repeatable measuring force
- Forged steel bracket
- Measuring and counter probe made from stainless, hardened steel
- Adjustable centring stop

Delivery:

In wooden box, display unit not included

Art. no.	31936 150
Brand	MAHR
Manufacturer Part Number	4450004
Min./max. length measuring range	150-200 mm
Measuring surface diameter	12 mm
Measurement force	7.5 N
Shank diameter	8 mm
Spindle clamping	Yes
Gross Weight	3.180 kg
Product Group	305

EAN

4059192017637
