

## Workplace mats made of PVC

Grooved structure, height 9 mm

### Application:

Ideal for dry workstations and light- to medium-duty applications.

### Execution:

- Single-layer, ergonomic PVC mat with non-slip ribbed surface
- Non-slip and impact resistant, insulates against cold and protects the industrial floor
- R10 slip resistance in accordance with EN 13552
- Fire protection class B2 according to DIN 54332/DIN 4102
- Weight approx. 3.5 kg/m<sup>2</sup>
- Ref. no 182/187/192/197: with yellow safety marking strips on sides

### Advantage:

- Relieves the back and leg muscles and prevents premature fatigue during extended phases of standing
- Increases general step safety
- Easy to cut to the requested dimensions and shape

### Delivery:

Mats delivered with bevelled edges, even if cut to size
