

Cemented carbide milling bit

Shank diameter: 3mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76008 116
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952018
Form	Cylindrical shape
Cutting edge length	13 mm
Length	40 mm
Serration type	63
Model	TCC 0303
DIN	8033
Gross Weight	0.026 kg
Product Group	761
