

## Swarf containers, tip from the forklift operator's seat

Carrying capacity up to 1250 kg, mobile with roll-off system

### Application:

For the collection and separation of liquids from solids and for the transport or disposal of all types of waste, bulk materials, chips and mass-produced parts.

### Version:

- Stable base frame with rollers, sliding handle and fork pockets
- Sheet metal tray with surrounding edge profile, welded oil-resistant and watertight
- Screen plate, hole diameter 3 mm, partition 6 mm, drain valve 1" for draining off liquids
- Protection against accidental slipping and tipping
- Mobile with wheels made of polyamide

### Advantage:

- Particularly suitable for collecting chippings
- Favourable load centre, tilting at any height using a wire rope, anti-roll-off mechanism ensures convenient forwards and backwards tipping from the forklift seat
- Mobile thanks to wheels which mean it can be used everywhere

### Delivery:

Goods supplied without packaging as standard. Packaging available for an additional charge.

<b>Art. no.</b>	<b>50266 209</b>
